FOR IMMEDIATE RELEASE

Maggie West Joins bit-x-bit as E-Discovery Services Manager

PITTSBURGH, June 27, 2017 – bit-x-bit, a leading Pittsburgh-based computer forensics and e-discovery consulting firm, has announced that Margaret (Maggie) West has joined the company as its E-Discovery Services Manager.

Ms. West will lead and manage bit-x-bit’s e-discovery team and technical resources, and consult with clients on all facets of e-discovery. She will oversee preservation, processing, review platforms, advanced data analytics, and production of electronic evidence for bit-x-bit’s clients, as well as direct the development and implementation of analytics to increase lawyer efficiencies and reduce costs.

“Maggie’s deep experience in e-discovery, litigation, and litigation support, in combination with her advanced technical expertise, will be a substantial resource for bit-x-bit’s corporate and law firm clients,” says Susan Ardisson, bit-x-bit CEO. “As a lawyer with an MLIS degree, Maggie has proven success working in fast-paced environments on complex matters ranging from e-discovery and information governance to security and operational audits, intellectual property disputes, and cyber incident response. She is adept at crafting solutions to meet client needs and help them implement best practices.”

“I look forward to working with bit-x-bit’s clients, and bringing them the efficient, leading-edge solutions they’ve come to expect from the company,” West commented. “Continuous, rapid technological change is the norm in the fields of e-discovery and computer forensics, and bit-x-bit has built its exceptional reputation by keeping its clients ahead of the curve through use of advanced tools such as the Relativity e-discovery platform. I’m excited to be part of it,” added West, who is also a Relativity Certified Administrator.

Prior to joining bit-x-bit, West was a Discovery Consultant at KrollDiscovery LLC, and Attorney Team Lead in Discovery Analytics & Review Services for the Wheeling, WV, office of Orrick, Herrington & Sutcliffe, LLP. She is a member of the Pennsylvania Bar, and received her J.D. from the University of Pittsburgh School of Law and her Master of Library and Information Science (MLIS) from University of Pittsburgh School of Information Sciences.

About bit-x-bit: Founded in 2007 and exclusively endorsed by the Allegheny County Bar Association since 2008, bit-x-bit is a computer forensics, e-discovery, cybersecurity and incident response and ESI preservation consulting firm providing expert technical services to law firms and companies of all sizes, including the AMLAW 100. Additionally, bit-x-bit is certified by the National Women Business Owners Corporation. For more information, please call 412-325-4033 or visit our website at www.bit-x-bit.com.
